One line

Add drop-down menu.

Executive decision: These labels are going to be round. Let's try 1em by 1em, and see how that looks. We may need to go smaller if font-size is small. We'll see.

Same coloring, but a 1.5px border-width to make Shiloh happy on his screen.

See Instrument With No Default Case Next Page...

Is font size of title smaller than list?

All flush right

One line
Add drop-down menu.

Can Summary move left when there is no case shown? Or, do we need to show the case on all instruments? I could do that.

There is a text edit to this area in a separate subtask.

Executive decision: These labels are going to be round. Let's try 1em by 1em, and see how that looks. We may need to go smaller if font-size is small. We'll see.

Same coloring, but a 1.5px border-width to make Shiloh happy on his screen.

Add Line. Only shows on phone and smaller

This area all flush LEFT

One line

Add drop-down menu.

Smaller font-size. See customizer for Guitar where two tabs show.

For the Galaxy Fold screens Style this area the same way I specified for the "You May Want" section with option and the variants below the image. But with the new round labels.

By the way, here is where the oval gets weird.
