

# Antonio Giuliani Etude Violin A+ Content

Antonio Giuliani Header image here.

*Start Description Area:*

The **Giuliani Etude Violin Outfit** is consistently recommended by violin teachers, and for good reason. It has a significantly more resonant tone than other student violins, and a sweet singing voice. The Antonio Giuliani Etude violin's warm and mellow character make it the perfect violin for students and anyone looking for a high-quality fractional or full-size violin with an exceptional sound. With its gorgeous, deep reddish-brown color and oil finish, each violin produces a sweet, warm sound that is wonderfully projective.

The Giuliani Etude violin is an incredible value in quality and craftsmanship. The fine woodwork and detailed setup on these violins ensure **comfortable playability** as well as an instrument that is pleasing to the eye. In addition to a **beautiful maple back**, this violin also features genuine high-grade ebony fittings, four fine tuners, and an authentic, **custom-fit French Aubert bridge**. It is strung with steel-core **D'Addario Prelude Strings** for a warm, clear sound.

**All final assembly and FREE setup are performed locally in the USA** by our professional luthier staff. NO assembly or setup is required with a violin that is ready to tune and play from the moment you open the case.

## VIOLIN SIZE CHART

Full-width sizing infographic image here.

Use the sizing chart to choose the correct size from the arm measurement.

**Follow these instructions for the most accurate size:** First, with arm outstretched to the side, measure the player's arm from the base of neck to mid-palm. Check the size chart below for the right size of violin according to arm length measurement. Always choose the smaller size if the student is in-between sizes. A larger instrument will hinder the student's ability to play properly. The deciding factor is if the student is able to, or very close to, playing the 4th finger. If they can reach this fingering the violin will be usable.

1. Extend arm fully to the side and perpendicular to the body.
2. Measure from the base of the neck to the middle of the palm.
3. If you are between sizes, size down.

Please use the sizing chart below to assist you.

**SIZE FITS STUDENT WITH:**

1/16	14"–15" arm length, usually 3–5 years age
1/10	15"–16" arm length, usually 3–5 years age
1/8	16"–18" arm length, usually 3–5 years age
1/4	18"–20" arm length, usually 4–7 years age
1/2	20"–22" arm length, usually 6–10 years age
3/4	22"–23" arm length, usually 9–11 years age
4/4	23" and up arm length, usually 12 years and up in age
